GRADING SYSTEM

Students will be graded on homework, tests, participation, and skills evaluation. The student must pass the course with an 80% or higher on all work. If a student doesn't pass, they have the option of taking the course again at the next scheduled time. The student will be told by the instructor if they are passing or not passing. The school will keep transcripts in a data base. A student may call the office and request an additional copy of their grades for a fee of \$10.

STUDENT EVALUATION TECHNIQUES

A test will be administered after each lesson to determine the amount of learning that has taken place. Test scores that are below 80% are an indication that the necessary skills for entry into employment were not acquired. Administration may provide progress reports at predetermined intervals in the program. Students should make arrangements for additional practice, independent study, or tutoring, if needed. Grades and/or assessments will be provided to the students on a weekly basis with a final report and transcript provided at the completion of the program if the student is in good status. Other methods of evaluation may include oral quizzes, skill development tests, hands-on skill evaluation, and individual and group projects.

INCOMPLETE GRADES

Incomplete grades are given when a student is unable to complete a course because of illness or other serious problems. An incomplete grade may also be given when students don't turn in work or don't take tests. If a student does not make arrangement to take missed tests, a failure grade will be given. A student who misses a final test must contact the instructor within twenty-four hours of the test to arrange for a make-up examination.

ATTENDANCE

S&H Training Center records the daily attendance of each student. Records are available for student review. Students are expected to attend class every day. If there is an emergency and they cannot attend, they must let the instructor know as soon as possible and make up all work that is missed. If a student misses more than 1 day, they will need to make that day up at the next scheduled course.

MAKE-UP WORK?

If lessons and/or assignments missed due to absences, the student should meet with the instructor to get missed assignments. If more than 1 days' worth of lessons/assignments are missed, the student will need to make that work up at the next scheduled course. Make-up work may be required to complete the approved hours for the program. Without completing all the missed hours the school may withhold the final certificate until the hours are completed.

TARDINESS

Developing a good work ethic is an important part of the training at S&H Training Center. Students arriving late for class are interrupting the instructor and other students. The following recording system will be used for tardiness:

- 1 to 15 minutes late will be counted as 15 minutes late
- 16 to 30 minutes late will be counted as 30 minutes late
- 31 to 60 minutes late will be counted as 1 hour late

The decision of the director is final and the student will receive a letter within five business days stating the decision.

STUDENT GRIEVANCE-COMPLAINT/APPEAL PROCESS

Nothing in this policy prevents the student from contacting the Workforce Board (the state licensing agency) at 360-709-4600 at any time with a concern or a complaint.

Students who have a complaint or who would like to appeal a dismissal must request in writing an appointment for an interview with the school director. The written request should include the following information:

1. Student's full name and current address
2. A statement of the concern including dates, times, instructors, and if applicable, other students involved
3. Date of complaint letter and signature of the student
4. Three dates in which the student would be available for a meeting with the school director. These dates should be within 10 business days of the complaint.

The school director will notify the student in writing of the appointment date in which the concerns or appeal will be addressed. Every effort will be made to bring an amicable closure to the concern. Should it be necessary, a panel of instructors will hear the concerns and will be asked to assist in bringing a resolution to concerns and/or appeals.

The student will be notified in writing within five business days of the outcome of the meetings.

Should the contract be canceled by either the student or the school the last date of attendance will be used as the date to calculate any refund in accordance with the school's refund policy.

CANCELLATION & REFUND POLICY

Should the student’s enrollment be terminated or should the student withdraw for any reason, all refunds will be made according to the following refund schedule.

1. The school must refund all money paid if the applicant is not accepted. This includes instances where a starting class is cancelled by the school.
2. The school must refund all money paid if the applicant cancels within five business days (excluding Sundays and holidays) after the day the contract is signed or an initial payment is made, as long as the applicant has not begun training.
3. The school may retain an established registration fee equal to 10 percent of the total tuition cost, or \$100, whichever is less, if the applicant cancels after the fifth business day after signing the contract or making an initial payment. A “registration fee” is any fee charged by a school to process student applications and establish a student record system.
4. If training is terminated after the student enters classes, the school may retain the registration fee established under #3 above, plus a percentage of the total tuition as described in the following table:

If the student completes this amount of training	The school may keep this percentage of the tuition cost
One week or up to 10% whichever is less	10%
More than one week or 10% whichever is less but less than 25%	25%
25% but less than 50%	50%
More than 50%	100%

5. When calculating refunds, the official date of a student’s termination is the last day of recorded attendance:
 - a. When the school receives notice of the student’s intention to discontinue the training program;
 - b. When the student is terminated for a violation of a published school policy which provides for termination; or,
 - c. When a student, without notice, fails to attend classes for 30 calendar days.
6. All refunds must be paid within 30 days of the student’s official termination date.

STUDENT RECORDS

Student records will be maintained by the school for 50 years or until the school closes. If the school closes, whether voluntary or involuntary, educational records or transcripts will be forwarded to the Workforce Training and Education Coordinating Board. Upon graduation, each student will be given a copy of his or her transcript. These records should be maintained indefinitely by the student. Students may request copies by writing the school for \$10. Student records are available for review by student at anytime during business hours.

PLACEMENT ASSISTANCE

Brochures and flyers from agencies and facilities looking for employees will be prominently posted at S&H Training Center. On occasion employers may speak to students to share what it is like to work in different settings, such as a hospital, skilled nursing facility, adult family home, home care or home health.

RELIGIOUS ACCOMODATION

S&H Training Center will make good faith efforts to provide reasonable religious accommodations to students who have sincerely held religious practices or beliefs that conflict with a scheduled course/program requirement. Students requesting a religious accommodation should make the request, in writing, directly to their instructor with as much advance notice as possible. Being absent from class or other educational responsibilities does not excuse students from keeping up with any information shared or expectations set during the missed class. Students are responsible for obtaining materials and information provided during any class missed. The student shall work with the instructor to determine a schedule for making up missed work.

Examples of religious accommodations may include: rescheduling of an exam or giving a make-up exam for a student in question; altering the time of a student's presentation; allowing extra-credit assignments to substitute for missed class work or arranging for an increased flexibility in assignment due dates; and releasing a graduate assistant from teaching or research responsibilities on a given day.
